+91 9000-425-100 | shajahan.j2se@gmail.com | LinkedIn: shajahan-shaik-22b012195 | Github: Shajahanhng

SKILLS

Languages: JavaScript, Typescript, Java, HTML, CSS, TSX, SQL

Frameworks: Angular, Node.js, Nest.js, React, Next.js

Developer Tools: MongoDB, SQL Server

EXPERIENCE

Apollo TeleHealth(HNG)

Software Developer(full time)

June 2021 - Present

Hyderabad, Telangana

- **Smart Reports:** Developed a robust and holistic application for patients to manage quality health care services. It is an integrated single-page client application. It is a customized template for easy understanding of content, graph, scale, tooltip and color. Firebase Analytics has been added to monitor user activity. This document can also be downloaded in PDF format. To improve this, filtering data has been added to effectively display content. This is a responsive document. **Tech Stack:** Next js, Tailwind CSS, Nest js, MongoDB
- **Apollo-Connect:** Developed highly customised application with various attributes like templates, medical favorites and auto-complete search filters. Integrated immediate and scheduled appointment bookings for different specialists and developed irrefutable validations for incoming patient records and documents. **Tech Stack:** Angular 13, Next js, Tailwind CSS

Word Notes & Word To PDF Converter

developed a responsive web application for word typing, editing and saving. included pdf format saver. Technologies: Next js, Tailwind CSS

Get the Way 3D

Get the way is a 3D Game for Mobile.It is to find a way to escape from a closed room. If you have to go out, you need to collect coins to open the end gate and you must escape from some dangerous walls and fires. I have created this Game by using Unity3D engine withgame code C#.

ACHIEVEMENTS

Got achievement from Microsoft as a Database management fundamental science finisher
Certification number: F549-8779
